# Survey Report #18

---

Hometown

September 2010

## **About the Survey**

This Survey Report presents findings of a CivicPanel online survey about citizen opinions about local government performance. Citizens were asked to rate the quality of street cleaning services in a hypothetical city named Hometown, based on a photograph and a statement by a city administrator. Four different versions of the survey were used.

The survey was conducted in September 2010, and included online responses from 965 panelists.

## **About the Panel**

CivicPanel is an online panel of volunteers who sign up over the Internet to participate in the project's surveys. Panelists are recruited from online ads, web directories, and announcements sent by email to members of various nonprofit organizations that have partnered with CivicPanel (formerly eTownPanel) over the years.

It is important to point out that the panel is not a random sample, and thus the results are not scientifically projectable to the larger population.

For more information visit [www.civicpanel.org](http://www.civicpanel.org) or email [civicpan@rutgers.edu](mailto:civicpan@rutgers.edu)
