# Survey Report #19

---

## Public Health Program

December 2010

## **About the Survey**

This Survey Report presents findings of a CivicPanel online survey about public health programs. Respondents were asked their opinions about an HIV prevention program in the State of California, based on different types of performance information. Four different versions of the survey were used.

The survey was conducted from November to December 2010, and included online responses from 1,535 panelists.

## **About the Panel**

CivicPanel is an online panel of volunteers who sign up over the Internet to participate in the project's surveys. Panelists are recruited from online ads, web directories, and announcements sent by email to members of various nonprofit organizations that have partnered with CivicPanel (formerly eTownPanel) over the years.

It is important to point out that the panel is not a random sample, and thus the results are not scientifically projectable to the larger population.

For more information visit [www.civicpanel.org](http://www.civicpanel.org) or email [civicpan@rutgers.edu](mailto:civicpan@rutgers.edu)
